

SCHOOL HEALTH ADVISOR

Our named School Nurse, Dawn Antrobus, will be available to offer health support to all pupils attending St Chad's after the October half term break. This support can be accessed via an on-site, confidential drop-in service every Friday morning (9:30am -11:30am). Appointments from 9:30am – 11:00am can be booked in advance by pupils via Fiona Thompson in the Emmaus Centre.

Between 11:00am – 11:30am pupils can 'drop-in' without an appointment for confidential support regarding any health issues or concerns that they may have. Support can be offered around health matters such as anxiety, stress, relationship issues, smoking and diet.

If you do not wish for your child to make an appointment with the nurse, please inform Fiona Thompson or Deborah Groome.
